

PROFILE

A dynamic, visual artist that blends photography, video production and graphic design to create striking and original work. By keeping an open mind to the world around him Eric constantly discovers ways to translate feelings into visual art, leading him to capture unique experiences for every person with whom he works. Having worked both freelance and in an agency, Eric excels working as part of a team or independently. Having experience working with a wide range of clients ranging from independent artists and record labels to sporting events, night clubs, collegiate programs and corporate entities. Eric approaches every new project with determination, aiming to deliver exceptional results tailored to the needs of all involved.
